65lb
(29.5kg)

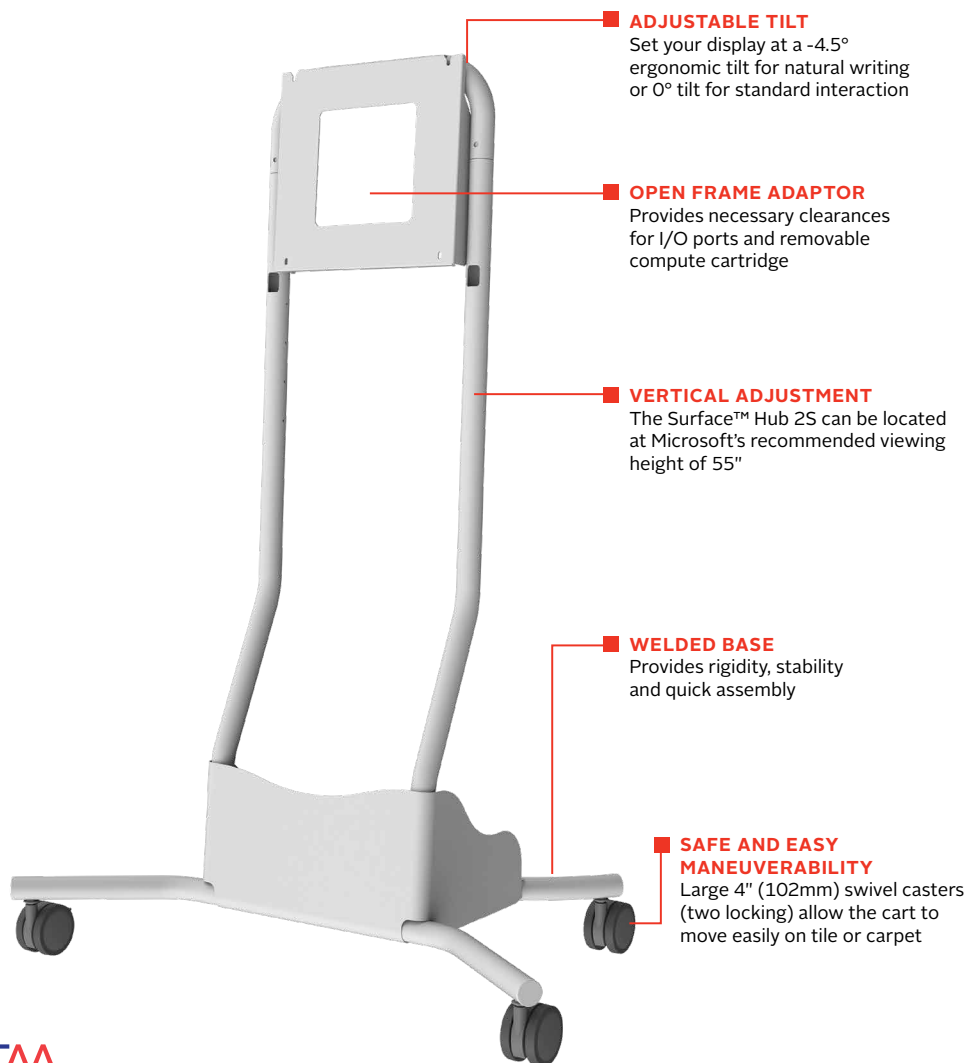

SMARTMOUNT.

Flat Panel Cart

FOR THE 50" MICROSOFT® SURFACE™ HUB 2S

The Peerless-AV® SmartMount® Flat Panel Cart is designed to safely mount, move, and store the 50" Microsoft® Surface™ Hub 2S. The cart is load rated up to 65lb, sits at Microsoft's recommended viewing height (55"), and offers vertical adjustment so the display can be positioned at incremental heights 48" to 60" from the floor. The cart also provides clearance to the removable compute cartridge so this can be upgraded without removing the display. Locking 4" casters provide a stable foundation for touch applications, while cable management channels completely hide the cabling inside the uprights. Ideal for corporate, education or hospitality applications, the SR560-HUB2 is the perfect mobile solution for the 50" Microsoft® Surface Hub 2S.

- Specifically designed for the 50" Microsoft® Surface™ Hub 2S
- Product complies with the Microsoft® Site Readiness Guide and is certified through Microsoft®
- Display can be located vertically along the column 48"-60" from the floor, adjusted in 3" increments
- Internal cable management protects, contains and conceals cables for a clean, professional installation
- Flat white powder coat finish complements the finish of the Microsoft® Surface™ Hub 2S
- Dedicated mount fits the Microsoft® Surface™ Hub 2S 350 x 350mm mounting pattern and includes the proper depth mounting bolts
- Corner bumpers prevent damage to doors and walls while moving or storing the cart
